

iPad Rules and Procedures

iPads at Montgomery Middle are provided to support students' educational goals by facilitating communication, research, creativity, innovation, and resource sharing. Access to an iPad is a privilege that carries responsibility and behavioral expectations consistent with all school rules and policies. Students must use iPads in a responsible, ethical, and legal manner at all times.

Student Rules for Responsible iPad Use:

Bring iPad to school each morning with the battery fully charged. A fully charged iPad should easily last through the school day.

Students should not use game or social media apps during instructional time. In addition, taking unauthorized pictures/video and cyberbullying is *strictly* prohibited.

Report all malfunctions, damages, or loss of an iPad to the library immediately.

An iPad should only be used by the student to whom it was issued. You are responsible for all activity or damages on your iPad; do not loan it nor leave it unattended.

iPads should not be reset nor synched to another device. You should not remove any SUHSD master profiles.

Any apps you download should be school-appropriate. Limit your downloading of apps. If you go over 16 GBs of storage, your iPad will have to be reset.

Violations of responsible use of iPads will result in disciplinary actions which may include:

Notifying Parents

Temporary Loss of iPad Privileges

Detention

Confiscation of iPad

Suspension from School

Legal Action and/or Prosecution

I have read and agree to follow the rules outlined above:

iPad contract **MUST** be signed by parent and student before iPad distribution.

Contract will be sent home with your student for your signature.

Refer to the contract for specific information about damaged, lost or stolen iPads or to opt-out.
